

GAS LEAK MONITORS & SYSTEMS (OXYGEN, TOXIC, EXPLOSIVE GASES)

For Industrial Hygiene, Safety & Pollution Control

PORTABLE GAS MONITORS

 <p>2015 SERIES</p>	<p>ALERT GAS MONITOR (Single Gas) Suitable for EC SENSORS only</p> <p>Diffusion Sampling only Auto cal. Long battery life Dimension – 109 x 65 x 25 mm</p>	 <p>EZ SENSE I</p>	<p>EZ - SENSE LEAK DETECTOR Extended Sensor</p> <p>Low cost Diffusion sampling Suitable for CNG / LPG & Combustible gases PPM to LEL levels Ranges</p>
 <p>94 SERIES</p>	<p>PERSONAL GAS MONITOR (Single Gas)</p> <p>Diffusion or Suction sampling Auto cal., Data logger(optional) Self Integrity check</p>	 <p>MX 51 / 65 SERIES</p>	<p>MULTI GAS MONITOR (Upto 4 Gases)</p> <p>Diffusion or suction Sampling Auto calibration, Data logger(optional) Self Integrity check</p>
 <p>200 SERIES</p>	<p>HANDHELD GAS INDICATOR (Oxy or Combustible gases)</p> <p>Rugged, Time Tested workhorse Multi-Range PPM, LEI, V/V Manual / Auto suction sampling Highly suitable for pre-entry checks</p>	 <p>PL 4000 SERIES</p>	<p>AREA GAS LEAK MONITOR (For Temporary Construction & Repair sites)</p> <p>Accepts Up to 8 Remotely placed Transducers AC POWER / Battery operated Visual, Audible Alarms</p>
 <p>VOC 600 series</p>	<p>VOC MONITOR (Volatile Organic Compounds) PID or Solid state sensor</p> <p>Diffusion or Suction Sampling Highly sensitive Fast response</p>	 <p>3-033-R002</p>	<p>SF6 LEAK DETECTOR</p> <p>Advanced Digital Signal Processing. Tricolor visual LED Display Audible Signal for progressive leak size indication.</p>

GAS LEAK MONITORS & SYSTEMS (OXYGEN, TOXIC, EXPLOSIVE GASES)

For Industrial Hygiene, Safety & Pollution Control

FIXED / CONTINUOUS GAS MONITORING SYSTEMS

**2620 WP /
2620 EX
SERIES**

FIELD MOUNTED MONITORS (Single Gas, Single Location)

Wall Mounting
Integral or remote sensor
Adjustable Alarms
Relay Output
Analog & Digital output
Modbus

**PIC - 6002
SERIES**

SINGLE / TWO CHANNEL INDICATOR CONTROLLER

Panel Mounting
4-20Ma input
Selectable Parameters
Selectable Ranges
Selectable unit of measurement
Selectable Alarms

1565 SERIES

SINGLE / MULTIGAS ALARM SYSTEM

Modular Construction
Rack Mounting
Economical
Lo & Hi Visual Alarms
Adjustable Alarm settings

8420 SERIES

MULTI CHANNEL GAS DETECTION CONTROL SYSTEM

Modular Construction
Rack Mounting, Analog
input from Transmitters
Adjustable Alarms
24 Volt DC output
4-20Ma Analog / Digital
Output, Relay output
Modbus

EXPO 98 WP

EXPO 98 WX

TRANSMITTERS FOR REMOTE MONITORING (WEATHER / EX PROOF VERSIONS)

24V DC Power SUPPLY
Indicating / Non - indicating
Weather / Ex Proof versions
Analog or Digital RS 232 / 485
output, Modbus

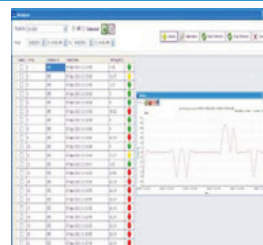

SC - 5101

SCANNERS (Upto 16 channels)

4-20Ma Input
24 Volts DC Output
Weather / Ex Proof
versions , Field / Rack
Mounting, Datalogger
RS 232 / 485 output,
Modbus

GUI SOFTWARE (It is based on a configurable graphical user interface)

It analyses logged data and
extracts statistical information
from the instruments and
displayed readings in multiple
formats Word, Pdf, Excel:
Tables, Bar Charts and more.

**REPORT VIEW
FROM GUI
SOFTWARE**

*Note: All the above
instruments can be
featured with GSM/GPRS
transmission technology
for remote monitoring*
